SUPPLY CHAIN INTELLIGENCE: FROM MYTH TO REALITY

Date: 22 March 2023

Time: 9.30am - 3.30pm (Lunch will be provided)

Venue: Raffles Event Room @ Swissotel Stamford (4th floor)

(Registration - BY INVITE ONLY)

Join us for an exciting event titled “Supply Chain Intelligence - From Myth to Reality”, co-hosted by Supply Chain Asia and Blume Global.

This event brings together industry leaders and professionals to explore the latest trends, challenges, and opportunities in supply chain intelligence. Through a combination of presentations, panel discussions, and networking opportunities, attendees will have the opportunity to gain valuable insights and connect with their peers and industry experts.

With a focus on leveraging the latest technological advancements such as the incorporation of machine learning, and artificial intelligence in operating systems, the event will explore the role of supply chain intelligence in driving innovation and transformation in the industry. Attendees will learn how to mitigate risks, improve operational efficiency, and enhance customer experience by harnessing the power of supply chain intelligence.

Whether you're a supply chain professional, industry expert, or simply interested in learning more about the latest developments in supply chain intelligence, this event is a must-attend. Join us to discover how you can turn the myth of supply chain intelligence into a reality that drives business value and transformation.

This event is co-hosted with Blume Global
